MEMORANDUM FOR: Members of the NSCIC Working Group
SUBJECT : Agenda for a 20 November Meeting

1. It is proposed the next meeting of the Working Group be held at 1030 hours on Wednesday, 20 November in the White House Situation Room.

2. Agenda for this session will be:

Item 1. Approval of minutes of the 30 October meeting.

A copy of the draft minutes is at Tab A.

Item 2. Critique of intelligence responsiveness to consumer needs.

This will be a continuation of the discussion started at the 30 October meeting. The intent is to hold a candid critique of the manner in which the Intelligence Community is responding to the needs of intelligence users, with the goal of using the points brought out during our discussion as basis for the future work program of the Group.

Each member is invited to provide me with comments in writing which can be sent to other members prior to the meeting to enlarge the base from which discussion can begin.

At Tab B is a list of questions which might suggest topics you would like to discuss.

The substantive agenda for the 20 November meeting is being deliberately limited to this one item in order to enable a full exploration of the topic in depth.

3. At Tab C is a copy of the letter which I have sent to the Chairman and members of the NSCIC reflecting the action taken at our 30 October meeting on "the fact of" satellite reconnaissance.
